

High Tensile Game Fence is a robust and reliable fencing solution designed to keep big game animals in or out of your property. The fence features a graduated horizontal spacing and a vertical wire pattern, creating a tight mesh that prevents game animals from escaping or predators from entering.

Product No: 1025

Weight: 186kg (410 lbs)	Gauge: 12 gauge
Height: 96"	Galvanization: Class 1
Length: 330'	Pull Strength: N/A
Style#: 20-96-6	Other: - Progressive Hole Spacing **Please see Wire Diagram**
Notes: -Fixed Knot - High Tensile Steel	

High Tensile Game Fence is a robust and reliable fencing solution designed to keep big game animals in or out of your property. The fence features a graduated horizontal spacing and a vertical wire pattern, creating a tight mesh that prevents game animals from escaping or predators from entering.

Product No: 1026

Weight: 132kg (290 lbs)	Gauge: 12 gauge
Height: 96"	Galvanization: Class 1
Length: 330'	Pull Strength: N/A
Style#: 20-96-12	Other: - Progressive Hole Spacing **Please see Wire Diagram**
Notes: -Fixed Knot - High Tensile Steel
